DemeMASK™

N95 Surgical Cup Respirators

How is it different?

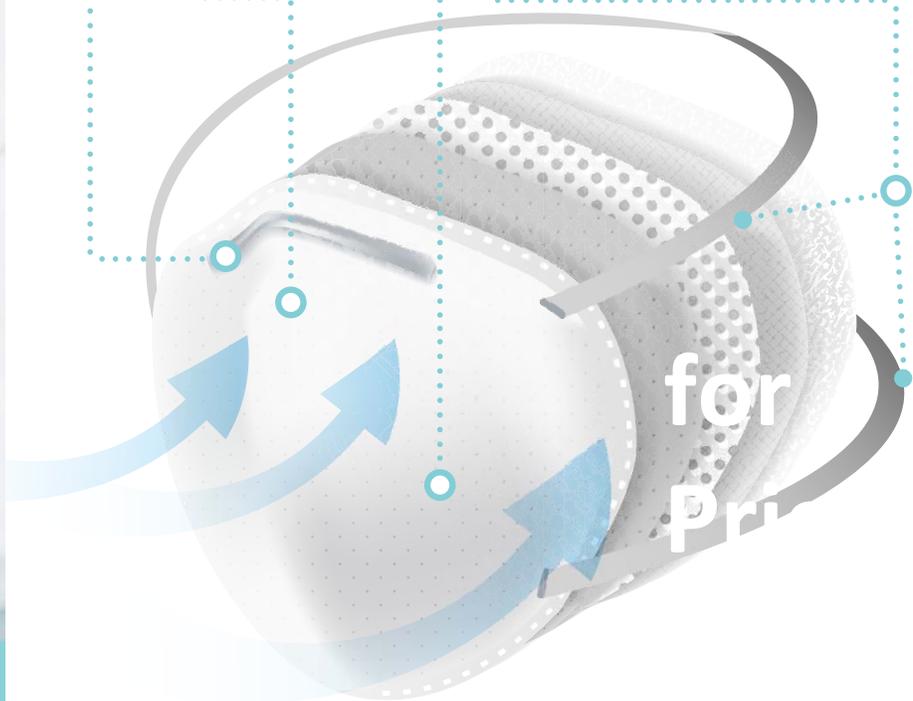

The highest Level of Protection

Adjustable nose clip: Helps provide a secure fit

Padded nasal foam: Provides comfort for long hours of wear

Advanced electrostatic media: Designed to filter 95-99% airborne particles and bacteria

Dual Strap Design: Double point welded headbands provide a secure seal around the wearers face

5-LAYER PROTECTION

Disposable Face Masks

RDI Medical's high-quality, 3-ply, 3-pleat disposable face masks are made from ultrasoft lightweight materials, with soft elastic ear loops for all-day comfort and an adjustable nose bridge for secure fit.

100% sourced, made and tested in the U.S.A.

Constructed with a nonwoven spun-bonded polypropylene outer layer material, a high-quality melt-blown polypropylene filter media, and a non-woven spun-bonded inner layer, our masks provide premium comfort and protection.

DemeMASK™ BLACK DISPOSABLE MASK

The DemeMASK disposable mask is a fantastic protective barrier against external pathogens. It is recommended for use in common environments such as school, work or the supermarket. If the contaminants are more dangerous to health, a respirator should be used.

- The DemeTECH Black Mask is made with the same materials as other DemeTECH Surgical Masks.
- Adjustable to the nose with a mouldable aluminum strap and rubber grip for greater comfort, without squeezing or leaving marks on the skin. All four edges of the mask are heat sealed for superior tear resistance.

TECHNICAL CHARACTERISTICS:

Resistance to penetration by synthetic blood, measured in mm Hg	_____	160mm Hg
Differential pressure, mm H2O/cm2 (Breathability)	_____	<5.0
Bacterial filtration efficiency	_____	≥98%
Sub-micron particulates filtration efficient at 0.1 micron	_____	≥98%
Flame spread	_____	Class 1

Box - 25 units
